*Senior Meals*

A DIVISION OF COMPASS GROUP

As part of Compass Group, the world's leading foodservice company, Bateman Senior Meals brings you the highest quality catering and management services, supported by global resources.

Shelf Stable meals are a **wonderful resource** to help seniors prepare for weather problem or other emergencies when you cannot make the daily delivery to their home. Shelf Stable meals give seniors a **secure feeling** knowing no matter what the conditions are outside, they have a nutritious meal to pull from the pantry for lunch or dinner.

Shelf Stable Meals **do not require refrigeration** and can be consumed at room temperature. We use brand name foods seniors are familiar with and easy-open containers to make them senior friendly.

### Shelf Stable Meals are a great budget stretcher for:

- Emergency use during severe weather
- Homebound meals for weekends and holidays
- Voting days or random closures of facilities
- Loss of volunteers to make daily deliveries
- Funding cuts prohibiting daily delivery

## Place an Order Today!

Check out our suggested menu options on the back! We can also customize your meals to meet your agency's needs, and will include a complete nutrient analysis. Both standard and DRI meals are available.
